Model #: PV140

PowerVerter Ultra-Compact Inverter - Portable Power for All Applications

Highlights

- 12V DC input; 120V AC output; 1 outlet
- 140 watts continuous output
- Convenient cigarette lighter plug

Description

Harness your vehicle's battery to efficiently power office equipment on the road. Continuously supplies up to 140 watts of 120V AC power to a single AC outlet from any 12V battery or automotive DC source. Convenient cigarette lighter DC input jack with 3-ft. cable provides one-step installation. Super-compact, lightweight metal case design is among the smallest, most rugged inverters available.

Applications

- Ideal for laptops, portable electronics, battery chargers for cell phones, pagers, notepads, games and battery rechargers for small battery operated power tools, portable TV/audio systems, camcorders, low power lights, camping accessories and other low-power applications under 140 watts.

Package Includes

- PV140 Inverter
- Warranty information
- Instruction manual

Features

- Allows users to run AC appliances from any 12V cigarette lighter socket
- Converts 12V DC battery power to 120V AC power
- 140 watts continuous output; 200 watts peak output power
- 1 outlet
- 3-ft. cord with cigarette-lighter plug
- Ultra compact, lightweight design with all-metal housing
- Low battery alarm with auto-shutoff prevents deep battery discharge
- 20-amp fuse protects inverter from overload
- Lighted power switch
